Members of the Rensselaer City School District Community,

There is no doubt that we are in difficult times. If you have not already seen in the news or heard around town, our school district is in a financial emergency. Rensselaer was already identified as a school district "susceptible to fiscal stress". We had a strategy to try to solve this situation over time without taking opportunities from kids or putting a large burden on taxpayers. That strategy was dependent upon the state continuing to demonstrate a fiscal understanding of high needs districts like us by providing large aid increases. Now that the COVID-19 pandemic has completely changed the fiscal outlook of the state that strategy will no longer work. We now may see aid decreases instead. The result of these factors is a fiscal emergency for the district.

In order to not run out of money next year, we had to take a balanced approach. We started by reducing 7.5 positions, cutting many supplies and contractual expenses, and reducing budgeted athletic costs. If we continue to rely on our savings at a sustainable amount, we still need to increase the tax levy by 19.5%. We are aware that this is a large commitment by everyone involved. It is painful.

Knowing that this situation requires far more explanation and information than a normal budget year, we have created a page of resources on our website:

<https://www.rcsd.k12.ny.us/board-of-education/budget-taxes/>

This page has detailed information about the budget, links to outside resources, graphs, charts, and videos of me answering questions and describing the situation in detail. It also includes a tax calculator for taxpayers to see how this budget would affect them. Our voting public needs to be able to make an informed decision.

We hope to get through this without having to take away the extra-curricular, athletic, and academic support opportunities that our students deserve. If you have any questions regarding this or any other aspect of the budget, please feel free to email me at jkardash@rcsd.k12.ny.us or call me at 518-465-7509 and I will do my best to find answers. The Board asks for your support in continuing to provide educational opportunities for the children of our community.
